TECHNICAL DATA

Product: BIO PLUS® Multipurpose Biologically-based Cleaner & Deodorizer

COMPOSITION	CAS#
Alkyl poly glycoside	68515-73-1
propan-2-ol, isopropyl alcohol, isopropanol	67-63-0
Proprietary Bacteria Spores Blend	NA
Essential oils/Perfume Compound	NA
Water	7732-18-5

Quality Assurance: This product has been tested for the following organisms:

1. Salmonella Negative
2. Faecal Coliform Negative
3. Shigella Negative
4. Coagulase positive staphylococci Negative
5. Beta hemolytic streptococci Negative

Physical and chemical properties:

Physical state: Liquid
Color: Blue
Odor: characteristic
pH: 7 - 8
Flash point: > 94°C
Flammability (solid, gas): Non-flammable
Solubility: Soluble In water

Certification:

ISO 9001:2015 & ISO 14001:2015 Certified
U.S FDA Registered Establishment (ID/FEI: 3014275859)
UL Environments' ECOLOGO® Certified (Cert No: 84530-4270)
CACC Certified (Clean Air Choices Cleaner Product)

BIO PLUS® is safe, effective and multifunctional that removes odors biologically, cleans all surfaces and replaces all other disinfectants and chemicals – thus saving you water, labor and costs.

BIO PLUS® is a 100% green biologically-based cleaning product - Low VOC Cleaner, CACC Certified (Clean Air Choices Cleaner Product) and UL Environments' ECOLOGO® certified for reducing environmental impact.

Non-toxic to humans and animals, non-acidic, non-caustic and guaranteed non-pathogenic strains.
